

These are easy to print Children's Read and Paint booklets
If you have had our children's books before, there is no change in the story.
This is just a much easier way of printing and enabling you
to make a tidy booklet on small photocopiers and printers.

There are files for printing on both —
North America 'LETTER' size paper and
Rest of the World 'A4' size paper.

There is a small arrow  on one edge of every sheet.

ALWAYS keep ALL of these arrows pointing the same way:

1. when you print,
2. when you back up – i.e. print page 2
on the back of page 1, etc.,
3. when you gather the pages together,
4. when you fold, and
- 5 . when you staple.

Some pages will look up side down but that is OK they come out correct.
It will make a booklet that opens from the bottom.
