***October 2010***

**INDIA - Operation Agape** More than 100 years ago, the Presbyterian Mission opened a hospital for Muslim women in Ludhiana, Punjab, India. This is now a teaching hospital. Dr Alex, a neurologist taught at the hospital for many years. His wife Anne is also a medical doctor and worked at the hospital. At the same time, Dr. Alex and his team took the gospel to the villages near Ludhiana. The number of evangelists and the house churches they established kept growing until the Dr Alex and Anne had to leave their work at the hospital and step out in faith to direct the ministry, Operation Agape, which they had begun. Dr Alex raised funds to support the hundreds of evangelists and their families. He had some 30 manna publications translated and printed for them. The most needed – Christian baptism – is being reprinted as you read this. Last year, when the Indian people went to the Ganges River to wash away their sins, Dr Alex sent 70 evangelists to camp among them. The people who responded to the gospel message were invited to meet at a local Agricultural facility. Dr Alex said that, on one Sunday, they fixed food for 30,000 seekers. Operation Agape has worked now for more than 20 years, alongside many indigenous partner ministries. Their focus now is the 310 unreached people groups in seven of the Northwestern States of India. Please pray for Operation Agape and Doctors Alex and Anne Abraham. Thank you for praying.

**IN CAMBODIA** - This fall Kim San Nhean will have Day Camp for the children living on an island in the Mekong River. The island's Koh Dach church will provide shelter and Kim San will have Manna for Children Bible story coloring books to teach the children stories from the Bible. After the lesson, the children will color the books. The story will be about the three WISE MEN who came to Jerusalem searching for baby Jesus.

**SPANISH EDITIONS** – Several Spanish editions of Manna for Children titles are now available. Ask Elizabeth Long [elizabethforManna@gmail.com](mailto:elizabethforManna@gmail.com) for the pdf file of the Christmas story WISE MEN SEEK JESUS, so that you will have it in time to give it to the children before Christmas. She will tell you which other titles are available in Spanish.

Cambodian children coloring their books.

**KENYA** – Three years ago, Nephat asked Jesus to come into his heart. God has given him a kind and gentle spirit. He loves the children in the Kibera slum, on the outskirts of Nairobi and teaches them in Bible club every week. Nephat likes to draw animals and is doing drawings for manna for children. Pray that he will send the drawings soon.

# Manna for Children Report from Congo

A brief report by Pastor Umba wa Bondo Kazadi, in D.R.Congo

Pray also for the funds of the next printings

This girl, Feliciano, with her 13 years, met Jesus Christ through reading and coloring the Manna for Children in Swahili "The Lantern".

Hundreds of these copies had distributed in her school of the displaced children. These literatures are helping many kids to find the meaning of their spiritual life. So, your support to these ministries is not vain because our Savior and Lord Jesus are found with many children through reading and coloring these booklets as this pretty girl.

I need to thank so much **all the Manna for Children supporters**, because since I had begun to translate these series of Manna for children, many of these booklets had been printed in Kiluba and Swahili, and these items are distributed to various poor children, especially orphans, kids streets, and few of these copies had been sold to Primary Schools and Churches with a cheaper prices with the aim to reach many children to our Lord Jesus Christ in various places and in many isolated areas of this country where these two languages are spoken; for that reason I thank you once again and I encourage you to continue to support Manna Publications, when you do so, you are spreading with us the spiritual seed in many people!

In the Orphanage known « hope », this boy named Mukala had experience the conversion in Jesus Christ as his own Lord and Jesus through the reading of the "Captive maid" in Swahili, this orphanage is situated 600 Km far from Lubumbashi, the second town of this country. So, see how our Lord is continuing to touch lives of many of these vulnerable kids though these wonderful literature. This literature destined to Children is taught every Sunday in Orphanage and every Saturday to the Street kids in various areas, especially in rural areas and in town as well.

Another girl named Fagelle Ina went in the same way as these others kids, she is a street kid, through the "Captive Maid", she had learnt how to share the Good News with others kids, after her conversion is now support by the Christian Brethren Assembly, so can you imagine how these literature is helping many children to find the Eternal life in Jesus Christ?

**So, please! Pray with us so that our Lord may continue to touch live of many Kids through these materials. May our Lord give you a burning heart to serve Him through support these ministries for the salvation of many lost kids! Let us read Matthew 18:14**

Pray  
Together  
for this  
great  
Harvest

If you wish to invest in the lives of these children, please make checks payable to Manna Publications (USA) Inc. Mark "Manna for Children" and mail to 1130 Highlands Place, Apt 205, Harrisonburg, VA 22801. Thank you for your prayers and generous support.
